Practicum 2

Inductive Bible Study

Describe the five steps of the Interpretive Journey.

Read Mark 1:16-20

Follow the 5 steps to determine the meaning of the text

- Write a single sentence on what the text meant to the author
- List 2 similarities and two differences between the original hearers and the modern reader
- Record the theological principle from within the text
- How is that principle consistent with the rest of the Bible
- Write a specific application you can make today. Do it be vague like, "I need to be more loving"

Repeat the 5 steps on the following passages of Scripture

- Philippians 1:9-11
- Psalm 1
